PROFILE

To me, a website is much more than a digital showcase: it's the meeting point between an idea and its audience. With a strong "Product" mindset, I bridge the gap between technical implementation (Custom PHP, React, CMS) and user experience (UX/UI, SEO). Used to building custom architectures for my clients, I transform technical debt into comprehensive, seamless, and acquisition-driven solutions.

SKILLS

WEB DEVELOPMENT

PHP / PDO (MVC) SQLite / MySQL
JavaScript (ES6+) React GSAP (Animations)
WordPress / Shopify

SEO, DATA & E-COMMERCE

Technical SEO (JSON-LD) Core Web Vitals (100%)

B2B Autonomy Creativity Problem Solving
Team Spirit Adaptability

FREELANCE MISSIONS & EXPERIENCE

Full-Stack Developer & SEO Consultant

Ô ZEN ESTHÉTIQUE

 Present (since Dec. 2025)

End-to-end development (native PHP) of a custom booking platform replacing TreatWell (0% commission). Integration of a frictionless SPA funnel (native Stripe API) and a comprehensive back-office. Core Web Vitals scores optimized to 100%.

[LEARN MORE !\[\]\(241407ae374027aec4b030ca93d07b05_img.jpg\)](#)

Web Developer & SEO Expert

SNOUSSI STUDIO

 Present (since Nov. 2025)

"Pure Code" architecture (PHP/SQLite) for a premium B2B showcase site guaranteeing load times <1.2s. Implemented an immersive interface via GSAP, a secure backend (2FA), and an SEO strategy generating new B2B contracts.

Technical SEO & Automation Specialist

LOCAL WEB

 Present (since Jan. 2026)

 INTERNSHIP → CONTINUED AS FREELANCE

Process automation (B2B Scraping, Lovable No-Code tools) and management of technical SEO strategies. Intensive webmastering for 21 projects including complete UX redesigns and technical translations of multilingual platforms.

[LEARN MORE !\[\]\(564cd820867798afb0e971f95b7a11a1_img.jpg\)](#)

Consultant & IT Developer

OXXOPRINT

 Present (since Aug. 2025)

Development on the "OnPrintShop" B2B Web-to-Print solution. Creation of custom front-end snippets (HTML/CSS/JS) to streamline the user experience and maximize conversion rates for Key Account client portals.

[LEARN MORE !\[\]\(4fab011f4205f483a29911f22748c89a_img.jpg\)](#)

WordPress & SEO Assistant

CHOUÏA MAISON

 Present (since Aug. 2025)

Strategic support on WordPress (Flatsome theme): code refactoring, continuous SEO optimization, and data-driven analysis of purchasing funnels to reduce cart abandonment and increase overall sales.

[LEARN MORE !\[\]\(9439342c3a13a09f7fce631aa7409579_img.jpg\)](#)

Full-Stack Developer

LE THÉÂTRE DES POÈTES ASBL

Jun. 2025 - Sep. 2025

Full-stack revamp of a hacked and aging website into a secure, modern architecture (PHP/MySQL). Designed a simplified back-office tailored for a non-technical team, strictly respecting an NGO budget.

[LEARN MORE !\[\]\(f77d429904de075e826df1d11daf9232_img.jpg\)](#)

Digital Project Manager Assistant

NOWA MARKET

Apr. 2025 - Jun. 2025

 ACADEMIC INTERNSHIP #1

End-to-end design of the 'Nowa Logistics' showcase site (Figma, Front-End). UX audit of internal applications, technical translation of the business ERP via JSON, and creation of strategic pitch decks for investors.

[LEARN MORE !\[\]\(64affb707ad854c3f877e66d51d85be8_img.jpg\)](#)

E-commerce & Front-End Manager

DEGRIF SHOES

Sep. 2024 - Dec. 2024

Operational management of a Shopify store. Catalog optimization, publishing of collections, and front-end theme adjustments to improve merchandising and reduce purchasing friction.

NOTABLE TECHNICAL PROJECTS

Personal Portfolio Architecture & Development

ARNAUD-MARTINY.BE

End-to-end creation of a 'Vanilla' interactive platform (pure HTML5/CSS3/JS) without frameworks to prove my mastery of fundamentals. Integration of GSAP animations and development of an i18n system via JSON.

Development of "Fast 'N Friends"

CARPOOLING PROJECT (GITHUB)

Collaborative development (Git) of a PHP/MySQL platform. Designed the Backend logic to manage users, secure sessions, and implement a trip search engine.
